Panettone

Frutas cristalizadas, massa suavemente doce com fragrâncias de laranja e baunilha e fermentação natural. O bolo milanês vem ganhando, cada vez mais, a mesa e o paladar do mundo. E nada melhor do que oferecer um Panettone que respeite a tradição do Natal.

A Ofner foi buscar na região norte da Itália a receita que faz parte das celebrações brasileiras. E, desde então, vem criando novas combinações para esse clássico, com recheios inusitados, coberturas leves e frutas variadas. Tudo muito nobre, como as festas natalinas.
